FREE PRESENTATION ON TREATING CHRONIC AND INTRACTABLE PAIN AT MERCY MEDICAL CENTER

Anesthesiologist and Neurosurgeon Will Discuss Latest Advances

Rockville Centre, NY – Mercy Medical Center invites the community to a **free** lecture on the latest advances in treating chronic and intractable pain on Tuesday, November 9th at 7:00 p.m.

Dr. Steven Pinsky, an anesthesiologist specializing in pain management will discuss common pain conditions and identify the most effective interventions to treat them.

He will be joined by Dr. Brian Synder, a neurosurgeon who will discuss the treatment of intractable pain with nerve stimulation techniques.

The presentations will be conducted in the employee dining room on the lower level of the medical center's North Pavilion. Advance registration for the presentations is NOT required. Ample, convenient, free parking will be available.

For travel directions or information, call 516-62MERCY, or visit on line at:
www.MercyMedicalCenter.info.
